## Adventure II – The Sign of Four

Who was sending dear Mary a pearl?  
Peg leg, thorn, child's foot, map – what a whirl!  
On a boat on the Thames,  
Holmes found killers, lost gems.  
P.S.: Watson? He married the girl.

Sandy Kozinn

Mary Morstan lost her long absent dad  
For the past ten years it made her sad  
But by post each year she gets a pearl  
And Watson is smitten with this girl  
While Holmes thought her only a fad

Karen Olson

Now Miss Morstan was quite a nice doll,  
'Twas for her good old Watson did fall,  
But with his feelings hid,  
He joined Sherlock and did  
Down the Thames chase both Tonga and Small

Bill Dorn

An annual guilty gift of loose pearls  
A treasure map across the globe whirls  
A thief with wooden leg  
Spiked dart made Sholto beg  
Toby follows the creosote swirls
