

*I only quote  
this as a  
trivial  
example of  
observation  
and  
inference.*

## The Memoirs of Sherlock Holmes

### Adventure XVIII -- The Adventure of the Stockbroker's Clerk

1. "Human nature is a strange mixture, Watson. You see that even a villain and murderer can inspire such affection that his brother turns to suicide when he learns that his neck is forfeited."
2. "I am afraid that I rather give myself away when I explain. Results without causes are much more impressive."
3. "The public not unnaturally goes on the principle that he who would heal others must himself be whole, and looks askance at the curative powers of the man whose own case is beyond the reach of his drugs."
