

Beacon Society Year End Report
Jan Stauber Grant

Thank you for your support of the Albright College and 13th and Union Partnership. Your grant of \$500.00 was used to purchase 165 copies of Sherlock Holmes: The Hound of the Baskervilles. We also purchased folders and pencils for each fourth grader.

On May 24-26, 2016, the fourth graders came to Albright College's Library, to learn about the famous detective, Sherlock Holmes. They had read the books in their classrooms, at 13th and Union Elementary School, prior to coming to the College. The Albright College librarian then did a presentation on Holmes and his investigatory powers while teaching the students how to be their own sleuths. She talked at length about how to determine the difference between fact and fiction, especially while researching a report.

I've included two pictures of the presentation.

Thank you for your generous support of our Partnership.

Sincerely,

Dorothea Miller
Coordinator
