

I only quote
this as a
trivial
example of
observation
and
inference.

The Return of Sherlock Holmes

Adventure XXXVI -- The Adventure of the Three Students

1. "For once you have fallen low. Let us see in the future how high you can rise."
2. "It is human to err, and at least no one can accuse you of being a callous criminal."
3. "Let us hear the suspicions. I will look after the proofs."
4. "Not one of your cases. Watson – mental, not physical."
5. "The case is not entirely devoid of interest."
6. "Watson, I have always done you an injustice."
