The Mystery of the Missing Carpenter

"I see," said **Sherlock Holmes**, "that there are a number of clues to the mystery of the missing carpenter, who was also a thief. The article at which I am pointing suggests to me that he was a horse thief. I see also a plane, which leads me to suppose that he has not gone to the mountains. As his chest is very strong, I see that he was not consumptive."

"I also see that he was a man of gentlemanly habits. I notice a clue which suggests to me in what sort of a vehicle he went away from here. I see that since leaving here he has become reformed, and I observe a clue which tells me that he is much better in health than he formerly was."

Can you find in the picture the last four clues mentioned by **Sherlock Holmes**?
