His Last Bow

Adventure XLV – The Disappearance of Lady Frances Carfax

Lady Frances was a bit of a prude.
When she found out Green slept in the nude,
 She threw him aside,
 Then was only the “bride”
Of chloroform, by Holy Peter (bad dude).

Sandy Kozinn

From her true love she fled while being tricked and robbed often
When Holmes saw Green's devotion his toughness did soften
 Lady Frances grabbed her belongings and sent them in
 boxes
 Holmes called her a stray chicken in the land of foxes
Because she ended up sharing a secondhand coffin

Karen Olson

Lady Carfax was frisked far away,
While the Shlessingers kept Holmes at bay,
 When her coffin was op't,
 Holmes did say that he hoped
He was still in time to save the day.

Bill Dorn
