

The Sherlock's Spotlight Gazette Entry / Consent Form

The Beacon Society is a national non-profit organization, providing educators with local resources to bring the magic of Sherlock Holmes to life in the classroom, library, museum, or theater. Additionally, the Society encourages the teaching of Sherlock Holmes to younger Sherlockians to learn more about Victorian England and the exploits of the great detective and his chronicler and friend, Dr. Watson.

Members of the Beacon Society come from all over the U.S., with most of our members belonging to Sherlock Holmes societies in their home areas.

The goals of the Beacon Society include:

- Recognize exemplary educational experiences that introduce young people to the Sherlock Holmes stories
- Encourage teachers, librarians, museum activity directors, as well as children's theater directors, to use Sherlock Holmes to engage young people in the pleasure of reading
- Enjoy reading and teaching people about Sherlock Holmes, Dr Watson and Sir Arthur Conan Doyle

Sherlock's Spotlight Gazette, started in November 2020, is the Beacon Society's outreach to younger Sherlockians, providing them with both information and entertainment on Sherlock Holmes.

The *Gazette* is issued quarterly (Fall - November; Winter -- February; Spring -- May; Summer -- August). Previous issues of the *Gazette* can be found at our website:
